To Whom It May Concern:

**Re: BD E-Z Scrub Dry Sterile Brush REF Nos. 371603 & 371609**

The devices identified above are considered biocompatible by design and, therefore, do not require a Material Safety Data Sheet (MSDS). Our current understanding of applicable regulations is that Federal law exempts products subject to the labeling requirements of the Food and Drug Administration from complying with the Hazard Communication Standard. In addition, it is our understanding that most state right-to-know laws similarly exempt such products from their scope.

If you should have further inquiries about BD Medical System's products, please call me at 1.800.453.4538, Option 2, x2585 or fax at 801.304.3954.

Sincerely,

Amy Lee Bodell
